Radiohead - Glass Eyes

[Intro] - Cm Fm Ab Bb Ab

[Verse]
Cm
Hey it's me
I just got off the train
A frightening place
                          Fm
Their faces are concrete grey
And I'm wondering, should I turn around?
Buy another ticket
                   Ab
Panic is coming on strong
So cold, from the inside out
No great job, no message coming in
    Bb
And you're so small
                      Ab
Glassy eyed light of day
                      Cm
Glassy eyed light of day

The path trails off
And heads down a mountain
Fm   Eb
Through the dry bush, I don't know where it leads
               Db
I don't really care
Bbm
And the path trails off
And heads down a mountain
Fm   Eb
Through the dry bush, I don't know where it leads
               Db
I don't really care
