The Doors - The End

```
D                C         D
This is the end, beautiful friend
D                C       D
This is the end, my only friend, the end
   C    G        D
Of our elaborate plans, the end
   C    G          D
Of everything that stands, the end
   C      G     D
No safety or surprise, the end
     C     G              D
I'll never look into your eyes, again

        C                 D      G             D
Can you picture what will be, so limitless and free
C              D             G          D         C          D
Desperately in need of some, stranger's hand in a desperate land

D                C             D
Lost in a Roman, wilderness of pain
            C              D             C              D
And all the children are insane, all the children are insane
                C            D
Waiting for the summer rain, yeah

D
There's danger on the edge of town, ride the king's highway baby
Weird scenes inside the gold mine, ride the highway west, baby

Ride the snake, ride the snake, to the lake, the ancient lake
The snake is long, seven miles, ride the snake
He's old, and his skin is cold

The west is the best, the west is the best
Get here, and we'll do the rest

D        C              D   D        C              D
The blue bus is calling us, the blue bus is calling us
D                   C     D
Driver, where’ve you taken us
```

```
D (spoken)
The killer awoke before dawn, he put his boots on
He took a face from the ancient gallery
And he walked on down the hall
He went into the room where his sister lived, and...then he
Paid a visit to his brother, and then he
He walked on down the hall, and
And he came to a door...and he looked inside
Father, yes son, I want to kill you
Mother...I want to...fuck you
```

```
D
Come on baby take a chance with us
Come on baby take a chance with us
    D                          C    D           C    D
And meet me at the back of the blue bus doing a blue rock
     C    D            C    D     C       D
On a blue bus, doing a blue rock, come on yeah

Kill, kill, kill, kill, kill...
```

```
D                C         D
This is the end, beautiful friend
D               C        D
This is the end, my only friend, the end
   C        G       D                      C      D
It hurts to set you free, but you’ll never follow me
    D      C            D
The end of laughter and soft lies
    D      C         G        D
The end of nights we tried to die
C    G      D
This is the end
