What Are They Doing In Heaven

[Intro]
```
     C                          F         C
I am thinking of friends whom I used to know
    F                      G
Who lived and suffered in this world below.
        C                       F         C
They've gone up to heaven, but I want to know
   C             G           C     G7
Oh what are they doing right now?
```

[Chrous]
```
     F                 C
What are they doing in heaven today?
      F                  C         G
Where sin and sorrow are all done away,
    C                    F
And peace abounds like a river they say,
   C             G           C
Oh what are they doing right now?
```

[Verse 1]
```
           C                 G    F             C
There were some whose hearts were burdened with cares,
     C            Am         G           C
They passed their moments in sighing and tears,
     C                        F         C        F   C
They clung to the cross with trembling thoughts and fears,
    C        FM7  G           C     G7
But what are they doing right now?
```

[Chorus]
```
        F                 C
Oh what are they doing in heaven today?
      F                  C         G
Where sin and sorrow are all done away,
    C                    F
And peace abounds like a river they say,
   C        FM7  G           C     G7
Oh what are they doing right now?
```

[Verse 2]
```
          C          F                       G
There were some whose bodies were full of disease,
            F                              G
Medicine nor doctors could give them much ease.
     G             C               G       C     (G7)
They suffered till death brought a final release.
```

[Verse 3]
```
               C                        F        C
And there were some who were poor and often despised.
         C                           G
They had looked to heaven through tear-blinded eyes.
      C                          F             C
While people were heedless and deaf to their cries,
   C             G           C      G7
Oh what are they doing right now?
```

[Chorus]
```
        F                 C
Oh what are they doing in heaven today?
      F                  Am        G
Where sin and sorrow are all done away,
    C                    F
And peace abounds like a river they say,
C        FM7  G           C     F
What are they doing right now?
   C             G           C
Oh what are they doing right now?
```
