Day In The Night

[Verse 1]
Am E Am E Am
Every one’s asleep tonight, the sky’s falling down tonight
Dm F/E E Am
Lightning cracking, thunder snoring, a flood’s come tonight
Dm F/E E Am
Lunch pavilion, made of metal, here comes the light

[Chorus]
A D Bb/A A
Just a moment it’s bright as day
A D Bb/A A
Just a second fire lights the sky
A F A Dm A
Shocky beauty I could cry, gone so fast I watch it die

[Verse 2]
Am E Am E Am
Gathered on the Fourth of July, together we all fight the night
Dm F/E E Am
Rockets red glare, bombs burn in air, prove to us the night
Dm F/E E Am
Ears ringing, finale upon us, here comes the light

[Chorus]
A D Bb/A A
Just a moment it’s bright as day
A D Bb/A A
Just a second fire lights the sky
A F A Dm A
Shocky beauty I could cry, gone so fast I watch it die

[Bridge]
Am Dm/A A
Halfway across the world they hide
Am Dm/A A
Missiles, mortars threaten their lives
Em/A Ebm/A Dm/A Bb/A A Em/A Ebm/A Dm/A Bb/A A
Why do we invade their time, force them to fear the light?
