[Verse 2]
```
   D         F G     D              F G
My son is in bed, my daughters are dead
   D             F G      D                F  G
My wife's in the shed, my husband's burnin' lead
D                          F    G
The rest are force-fed or else baked into bread
D                            F          G
And nothing's been said for four and a half days
D                                F    G
When that light turns red, I'm drivin' away
```

[Refrain]
```
          D          F G            D          F G
There's a bomb in my car, there's a bomb in my car
          D          F G            D          F G
There's a bomb in my car, there's a bomb in my car
          D          F G            D          F G
There's a bomb in my car
```
