Porter Wagoner - A Satisfied Mind

[Verse 1]
```
         F#              E              B
How many times have you heard someone say,
              F#              E            B
If I had his money, I would do things my way
                 F#              E          B
But little they know that it’s so hard to find
                 F#          E          B
One rich man in ten with a satisfied mind
```

[Verse 2]
```
           F#          E            B
Once I was waiting in fortune and fame
                   F#                     E                 B
Everything that I dreamed for to get a start in life’s game
                  E  F#                    B
Then suddenly it happened, I lost every dime
                   F#          E          B
But I’m richer by far with a satisfied mind
```

[Verse 3]
```
            E   F#                              B
Money can’t buy back your youth when you’re old
                          F#           E                  B
Or a friend when you’re lonely or a love that’s grown cold
                F#           E          B
The wealthiest person is a pauper at times
                 F#          E          B
Compared to the man with a satisfied mind
```

[Verse 4]
```
                  F#            E             B
When my life has ended and my time has run out
                   F#               E                 B
My friends and my loved ones I’ll leave there’s no doubt
                           E  F#                      B
But there’s one thing for certain, when it comes my time
                     F#            E          B
I’ll leave this old world with a satisfied mind
```
