[Verse 1]

```
D                    G7    D                        G7
The lunatic is on the grass, the lunatic is on the grass
D                     E
Remembering games, and daisy chains and laughs
A                 A7             D   Dsus2
Got the keep the loonies on the path
```

[Verse 2]

```
D                    G7        D                   G7
The lunatic is in the hall, the lunatics are in my hall
D                             E
The paper holds their folded faces to the floor
    A             A7               D    Dsus2   D7   D9
And every day the paper boy brings more
```

[Chorus]

```
G                          A
And if the dam breaks open many years too soon
    C                             G
And if there is no room upon the hill
G                             A7
And if your head explodes with dark forebodings too
     C                                G   Bm7   Em   A7
I'll see you on the dark side of the moon
```

[Verse 3]

```
D                   G7        D                G7
The lunatic is in my head, the lunatic is in my head
D                  E
You raise the blade, you make the change
A       A7                D   Dsus2
You rearrange me 'til I'm sane
D                     E
You lock the door, and throw away the key
        A             A7                 D  Dsus2  D7  D9
There's someone in my head, but it's not me
```

[Chorus]

```
G                          A
And if the cloud bursts, thunder in your ear
C                              G
You shout and no one seems to hear
G                                  A       A7        A
And if the band you're in starts playing different tunes
     C                                  G   Bm7  Em  A7
I'll see you on the dark side of the moon

And all that you slight, and everyone you fight
    D                     D7
